### **Warm Service Trousers**

*Service trousers designed for autumn and winter wear, entirely in stretch softshell fabric. Not only are these trousers soft, lightweight and highly breathable, they are also warm enough for working in refrigerated spaces and are popular with drivers who are always getting in and out of their vehicles.*

*Well-fitted pants in an agreeable, soft material for optimal comfort and freedom of movement. The combination of cotton and elastane ensures that the pants goes back to its original fit. The fabric is treated with an enzyme treatment which pre-shrinks the material and makes it soft and dust repellent.*

Two Aecolog knives are shown standing upright on a weathered wooden stump. The knife on the left is taller with a longer blade, while the one on the right is shorter. Both have black handles with a silver-colored metal collar at the base of the blade. The blades are silver-colored and feature the 'Aecolog' logo and 'Inventory of Equipment' text. The background is a blurred natural setting with green foliage and tree trunks.

**Professional knives in very high quality.**

*These knives have a thick blade in laminated cobalt special steel (lam. CoS) with a sharpened edge. The strong blade gives you a knife with an extremely long-lasting sharpness. Well designed handles provides an excellent grip in all conditions, even when your hands are cold and wet. The newly designed Zytels sheaths provides high durability, making it better suited for Molle fastening systems.*

Headlamp

Art. no. 7041061

*The Fenix HM65R headlamp features both an independently controlled spotlight and a floodlight for a combined maximum 1400 lumens of neutral and white light.*

Modern shoe with a good fit and very good breathability, which gives a comfortable temperature in the shoe. Clever lacing with the lacing system BOA. The inside is lined with the breathable material SANY-DRY. Aluminum cap and textile anti penetration protection APT, which is super light and completely flexible. This makes the shoe very light and comfortable. Insole MEMORY PLUS shapes itself to the foot and guarantees good comfort. Sole of PU / TPU. Soft PU for best shock absorption and TPU for good grip and high wear resistance. ESD.

**Backpack, 40 l**

*Durable, wind-and waterrepellent backpack with 40 L capacity. Gentle with ergonomic padding along back panel, waist belt and shoulder straps. Large main compartment. Safe closure with drawstring and buckle. Holder for water bag and opening for tube. Cover at the top of bag with zipper, zip pockets at sides for smaller items or thermos, and a zip front pocket for the smaller things you really want close to hand. Inside the backpack you have a small safety pocket. Rain cover quick and easy to reach via outside placed zipper at bottom of the bag. If you want to bring the computer, there is a custom pocket for this on the inside, up to 15 inch.*
